New York State Fair Entries

Everyone exhibiting animals who meet the State Fair entry requirements are eligible to take their animals to Syracuse. If you want to show in the State Fair Youth Show, you must indicate the animals you wish to take. If you are in doubt, it is better to pre-enter and if necessary, withdraw the entry later. It is impossible to make late entries. Breeding animals must be shown at the Hemlock or Caledonia Fair and receive a blue ribbon to be eligible for State Fair. Please contact the 4-H Animal Science Educator for market animal eligibility. State Fair information is online at www.nysfair.org/competitions.

All exhibitors must stay in the dorms unless they are staying with a parent or guardian in a motel or camper with the proper form signed and on file with the 4-H Office.

All animal health requirements must be met for State Fair, including Rabies vaccinations.

1. I will be staying in the State Fair dorm. ___ Date(s): _____ Time: _____
